

Northern Latitude  
**LAKE STATE BBQ MENU**  
**MEATS**

---

*Starting with a vigorous rub of dried seasonings then allowed to relax and marinate to finally be patiently smoked to perfection, slow and low. All our meats are served sandwich style, on a bun.*

**BRISKET**

*One of the nine primal cuts of beef, smoked over wood for hours until it's just the right amount of tenderness. Served on a bun either sliced in thick strips, or clipped with all the burnt end goodness.*

**PULLED PORK**

*Pork shoulder smoked low and slow. Tender. Shredded. Piled high. The best pulled pork a bun has ever seen*

**PULLED CHICKEN**

*Smoked whole to fall off the bone tenderness then pulled apart by hand.*

**ANDOUILLE SAUSAGE**

*Coarse grain Cajun sausage made with pork, peppers, onions, and Cajun seasonings. This will give you that little kick of heat you're looking for.*

**SIDES**

---

**BBQ BAKED BEANS**

*The quintessential American barbecue side dish, done the right way - with bacon.*

**COLESLAW**

*Not terribly popular where we're from, but added to the menu by Minnesota demand. It's your traditional raw cabbage and garden vegetable mix, smothered in a mayonnaise dressing.*

**CHIPS**

*Kettle chips served packaged in individual bags.*

**CORN SALAD**

*A cool creamy salad with crisp corn kernels, fresh bell peppers and onions, and just the right amount of shredded cheese.*

**DESSERTS**

---

*Because where we're from a meal isn't finished until you've had a little something sweet.*

**BITE SIZE CINNAMON ROLLS**

**BITE SIZE PUMPKIN MUFFINS**

**THE SAUCE**

---

*We don't serve any of our meats presauced. Our sauce is made in house, and once you've tried it you'll understand why it deserves a section of its own.*

**AWESOME SAUCE**

*Bold and Sassy, a little tang but no heat.*

**TURNED UP**

*Like the original, but with a little more sass.*
